NEW RULES FOR STUDENT ORGANIZATIONS

Beginning in academic year 2013-2014, all student organizations (including interest groups) will be required to register with the Office of Student Affairs. This will improve organizational support and accountability. In addition, efforts will be made to streamline Career Conversations by asking organizations to host a speaker. If appropriate paperwork has been submitted, students may elect to attend an organizational Career Conversation as part of their requirement in the first and second year. Organization leaders should contact Dr. Veitia for additional information.
