Journeys to Leadership: Women's Stories of Success

Journeys to Leadership: Women's Stories of Success is a forum in which participants are offered professional development through understanding the career journeys of successful women.

Each featured guest is a woman who has made a great impact in her leadership position, bringing success not only to herself but to others.

In a relaxed conversational format with a facilitator, she will talk about her journey to success and the significant milestones in her personal and professional life.

This forum simultaneously celebrates the success of the guest speakers while allowing the attendees to learn from their journey. The speaker for the fall session on September 10th is Dr. Shawn McKinney.
