*Women in Medicine and Science Luncheon*  
Journeys to Leadership: Women's Stories of Success

*Journeys to Leadership: Women's Stories of Success* is a forum in which participants are offered professional development through understanding the career journeys of successful women.

Each featured guest is a woman who has made a great impact in her leadership position, bringing success not only to herself but to others.

In a relaxed conversational format with a facilitator, she will talk about her journey to success and the significant milestones in her personal and professional life.

This forum simultaneously celebrates the success of the guest speakers while allowing the attendees to learn from their journey. The speaker on June 17th is Dr. Nancy Norton.

Journeys to Leadership: Women's Stories of Success

*Nancy Bedient Norton, M.D.*

*Dr. Norton received her B.S. in Nutrition and her M.S. in Microbiology from Arizona State University in 1984. In 1999 she received her M.D. from Marshall University Joan C. Edwards School of Medicine. She completed an Internal Medicine Residency with an additional year as a Resident in Pathology at Marshall University in 2003 at which time she became board certified in Internal Medicine. She joined the faculty of the Joan C. Edwards School of Medicine in 2003 as an Assistant Professor of Pathology and advanced to an Associate Professor in 2009.*

*Her teaching, clinical care and research cover a broad range of responsibilities. Currently, she is the Course Director of the Disease and Therapeutics IV course for second year medical students. She also lectures extensively in other second year courses. Her clinical activities involve performing all bone marrow biopsies at one affiliated hospital. Dr. Norton's research interests include bacterial infections, vaccines, genomic analyses of the genes of the *Streptococcus pneumoniae*, especially those genes that code for penicillin resistance, and pathogenesis of infection.*
