5 responses

Great presentation, very relevant and practical.
The speaker gave a well-organized lecture and did an excellent job of presenting material.
Down to earth, immediately implementable strategies, Excellent answers to questions, Will be using NOACs more, potentially.
Great Presentation
no comment

Self-confidence is feeling of trust in one's abilities, qualities and judgement. It is one of the cognitive mechanisms underlying behavior change. What level of clinical confidence do you have in this lecture?

7 responses
