MARSHALL UNIVERSITY SCHOOL OF MEDICINE

OBSTETRICS AND GYNECOLOGY RESIDENCY TRAINING PROGRAM

LETTER OF AGREEMENT FOR THE COOPERATIVE TRAINING OF RESIDENTS/FELLOWS FROM MARSHALL UNIVERSITY JOAN C. EDWARDS SCHOOL OF MEDICINE (MUSOM) AND KANAWHA SURGICENTER.

This letter of agreement is an educational statement that sets forth important points of agreement between Marshall University School of Medicine (MUSOM) and Kanawha Surgicenter. This statement of educational purpose does not affect current contracts and institutional affiliation agreements between the two institutions.

This Letter of Agreement is effective from November 1, 2012, and will remain in effect for three (3) years, or until updated, changed, or terminated by the Department of Obstetrics and Gynecology Residency Program and/or Kanawha Surgicenter. Such changes must be communicated with the MUSOM Office of Graduate Medical Education.

1. Persons Responsible for Education and Supervision

   At MUSOM: Kevin J. Conaway M.D., Program Director,

   At Kanawha Surgicenter: Gorfi Harish, M.D., Medical Director

The above mentioned people are responsible for the education and supervision of the residents/fellows while rotating at the Participating Site.

2. Responsibilities

The faculty at the Participating Site must provide appropriate supervision of residents/fellows in patient care activities and maintain a learning environment conducive to educating the residents/fellows in the ACGME competency areas. The faculty must evaluate resident performance in a timely manner during each rotation or similar educational assignment and document this evaluation at completion of the assignment.
3. Content and Duration of the Educational Experiences

The content of the educational experiences has been developed according to ACGME Residency/Fellowship Program Requirements and are delineated in the attached goals and objectives for each rotation.

As program director, Dr. Kevin J. Conaway is ultimately responsible for the content and conduct of the educational activities at all sites, including Kanawha Surgicenter. The program director, Participating Site director and the faculty are responsible for the day-to-day activities of the residents/fellows to ensure that the outlined goals and objectives are met during the course of the educational experiences.

Rotations may be in two (2) week blocks, but generally rotations are a month in duration.

The day-to-day supervision and oversight of resident/fellow activities will be determined by the specialty service where they are assigned. Marlene Poe, Program Coordinator, is responsible for oversight of some resident/fellow activities, including coordination of evaluations, arrangements of conferences, sick leave, annual leave and benefits.

4. Assignments

MUSOM will provide to Kanawha Surgicenter the name of the resident(s)/fellow(s) assigned to the site, the service they will be training on and other relevant information. Residents/fellows will remain on MUSOM’s payroll; remain eligible for all resident benefits, including annual leave, sick leave, and health insurance, etc. Resident’s will be covered under MUSOM’S malpractice policy in the amount of one million dollars per occurrence. The policy also provides tail coverage and legal defense.

5. Responsibility for supervision and evaluation of residents

Residents will be expected to behave as peers to the faculty, but be supervised in all their activities commensurate with the complexity of care being given and the resident’s own abilities and level of training. Such activities include, but are not limited to the following:

- Patient care in clinics, inpatient wards and emergencies
- Conferences and lectures
- Interactions with administrative staff and nursing personnel
- Diagnostic and therapeutic procedures
- Intensive Care unit or Ward patient care

The evaluation form will be developed and administered by the Department of Obstetrics and Gynecology Residency Program. Residents will be given the
opportunity to evaluate the teaching faculty, clinical rotation and Participating Site at the conclusion of the assignment.

6. Policies and Procedures for Education

During assignments to Kanawha Surgicenter, residents/fellows will be under the general direction of MUSOM’s Graduate Medical Education Committee’s and Department of Obstetrics and Gynecology’s Policy and Procedure Manual as well as the policies and procedures of the Participating Site for patient confidentiality, patient safety, medical records, etc.

Goals and Objectives for the
MUSOM Obstetrics and Gynecology Residency Program

Family Planning, Contraception and Abortion

Goal:

Residents will develop skills necessary to counsel women about family planning options and provide contraceptive methods.

Objective:

1) Elicit a pertinent history and perform a focused examination in a patient requesting contraceptive counseling, counsel patients regarding the risks and benefits of the various contraceptive methods, and prescribe appropriate contraception.

2) Understand indications for, risk of, alternatives to, and contraindications to, and insert: intrauterine contraception and contraceptive implants.

3) Understand indications for, risks of, alternatives to, and contraindications to, and perform dilation and curettage/evacuation for termination of pregnancy.

4) Understand indications for, risks of, contraindications to, and provide medically induced termination of pregnancy.
