

Certificate of Completion/ Board Eligibility Information:

The Program Director and DIO makes the determination of eligibility for a Certificate of Completion. The program will initiate the paperwork to have a certificate prepared and will furnish such to the Resident/Fellow once all required signatures are obtained.

The Program is responsible for providing Residents/Fellows with specialty specific information regarding board examination. A link to **The American Board of Medical Specialties (AMBS)** website is <http://www.abms.org/>

Failure to abide by the terms outlined in the Training agreement, or failure to complete the full term of the Training agreement may result in no credit granted for the training completed, no issuing of a Certificate of Completion by the institution, and no letters of recommendation.
