Journeys to Leadership: Women's Stories of Success

*Journeys to Leadership: Women's Stories of Success* is a forum in which participants are offered professional development through understanding the career journeys of successful women.

Each featured guest is a woman who has made a great impact in her leadership position, bringing success not only to herself but to others.

In a relaxed conversational format with a facilitator, she will talk about her journey to success and the significant milestones in her personal and professional life.

This forum simultaneously celebrates the success of the guest speakers while allowing the attendees to learn from their journey. The first speaker for the spring session on March 26th is Dr. Kathleen O'Hanlon (WIMS Council Chair).

She has been an instructor at national medical meetings for the past decade. Raised in Tucson, Ariz., she moved to West Virginia in 1978 after three years in Washington, D.C. She is a magna cum laude graduate of Marshall University. She then attended the MUSOM, where she was inducted into the medical honorary Alpha Omega Alpha. She completed her family practice residency at Marshall, where she served as chief resident and received the "Outstanding Third Year Resident" award.
