## OVERVIEW

This program is designed to improve the outcome for patients by adding to the healthcare professional's knowledge of the management and care of orthopaedic injuries and conditions.

## OBJECTIVES

- Determine the role of the caregiver in facilitating the recovery and outcome process
- Examine current trends in orthopaedic care and improving outcomes in orthopaedics
- Discuss the management and care of injuries or conditions of upper and lower extremities
- Apply information presented to the local orthopaedic population
- Discuss the prevention and management of complications following orthopaedic surgery

## CREDIT

Participants who complete this program will earn 4 nursing contact hours. Cabell Huntington Hospital is an approved provider by the Ohio Nurses Association, an accredited approver of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation. (OBN-001-91) (OH-462, 11/1/2018)

4 contact hours will be awarded for physical therapists and physical therapy assistants through the West Virginia Board of Physical Therapy. Approval of this course does not necessarily imply that the WV Board of Physical Therapy supports the views of the presenter or sponsor.
