

Pre-Clinical Assessment Item Appeal Form:

Question # _____

The general topic of this question was:

We/I wish to appeal this question because (circle one):

- An assessment item is scored incorrectly, i.e. incorrect choice is marked as the correct answer.
- More than one answer is correct.
- There was no correct answer.
- The question has missing data and/or figures.

The evidence that supports this view is: (Clearly describe, in detail, why the appeal should be accepted, with sources, as needed. Supporting evidence may include the literature and/or lecture notes and class materials.)

We request for the following action: (e.g. please accept all answers)

Students who are making this appeal. Please provide names of all appellants. Form is invalid if names are not printed clearly:
