

BS/MD Program Policy – Addendum 2020 - 2021 Admissions Cycle

Due to the COVID-19 pandemic, there will be changes to the BS/MD policy for the 2020-2021 admissions cycle for this program. In addition to the current factors listed in the BS/MD policy for consideration of acceptance into the program, there will be an additional data point for consideration. The applicant must take the CASPer exam as a part of the application package for the 2020-2021 admissions cycle and the score must be submitted by the application deadline date of January 15 2021. The admissions committee will consider the CASPer score in context with the other qualifications for a holistic evaluation of the applicant. In addition, the on campus interview will be converted to a live virtual interview for the health and safety of all participants.
