Social Media in Promotion & Tenure

Social networking sites (social media) have changed how information is communicated and received. This [article](#) discusses how a broader network of colleagues and potential collaborators, due to the use of social media, has impacted the influence of publications and work.

The new academic year is quickly approaching which means Promotion & Tenure deadlines will be here before we know it! Take advantage of some workshops to help you prepare for the P&T deadline of November 1, 2021!
