

# Faculty Focus Bulletin - November 2021

Dear Colleagues,

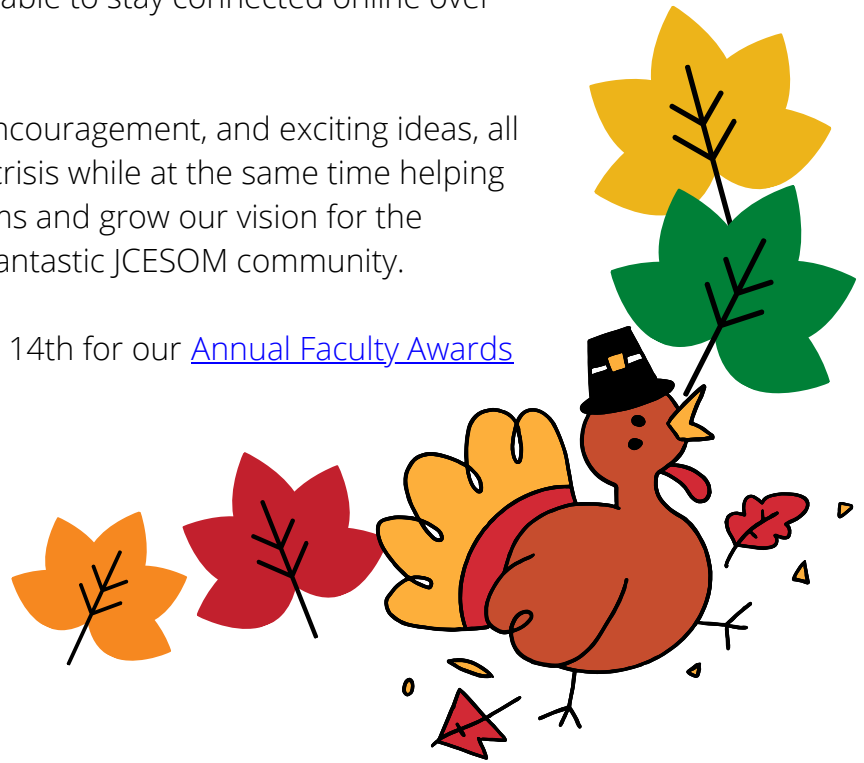

At this moment, I am feeling incredibly grateful for our JCESOM community and the support you have given each other and the Office for Faculty Advancement as we have navigated the COVID-19 pandemic. Being able to stay connected online over the past twenty months has been a true gift.

We are grateful for your support, inspiration, encouragement, and exciting ideas, all of which have helped us manage through this crisis while at the same time helping us grow our professional development programs and grow our vision for the coming years. Thank you for being part of the fantastic JCESOM community.

We hope you can join us virtually on December 14th for our [Annual Faculty Awards celebration](#).

Have a safe and peaceful Thanksgiving.

Darshana Shah, Ph.D.  
Professor of Pathology  
Associate Dean For Faculty Advancement  
Editor-in-Chief, Marshall Journal of Medicine
